A star is born tells the story of John Norman and Esther Hoffman. John Norman was a rock and roll star when he met her. Esther Hoffman was a simple artist, performing in small local pubs when she met him. He quickly saw potential in the plain, upcoming artist. More than that, he saw beauty and honesty.

This is the sixth volume of Dr. Justin GlennÕs comprehensive history that traces the ÒPresidential lineÓ of the Washingtons. Volume One began with the immigrant John Washington, who settled in Westmoreland Co., Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable family members in the next eight generations of John and Anne WashingtonÕs descendants. Volume Three traced the ancestry of the early Virginia members of this ÒPresidential BranchÓ back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumed the family history where Volume One ended, and it contained Generation Eight of the immigrant John WashingtonÕs descendants. Volume Five treated Generation Nine. Volume Six now presents Generation Ten, and it includes over 12,000 descendants. Future volumes will add generations eleven through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. ADVANCE PRAISE ÒI am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century, it is surprising that no comprehensive family history has been published. Justin M. GlennÕs The Washingtons: A Family History finally fills this void for the branch to which General and President George Washington belonged, identifying some 63,000 descendants. This is truly a family history, not a mere tabulation of names and dates, providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County, Virginia, in 1657. . . . Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate.Ó John Frederick Dorman, editor of The Virginia Genealogist (1957-2006) and author of Adventurers of Purse and Person ÒDecades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr. Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detailÑmany of them Confederates of interest and importance.Ó Robert K. Krick, author of The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain

This is the sixth volume of Dr. Justin Glenn⠀s comprehensive history that traces the ⠀Presidential line⠀ of the Washingtons. Volume One began with the immigrant John Washington, who settled in Westmoreland Co., Va., in 1657, married Anne Pope, and became the great-grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable family members in the next eight generations of John and Anne Washington⠀s descendants. Volume Three traced the ancestry of the early Virginia members of this ⠀Presidential Branch⠀ back to the aristocracy and nobility of England and continental Europe. Volume Four resumed the family history where Volume One ended, and it contained Generation Eight of the immigrant John Washington⠀s descendants. Volume Five treated Generation Nine. Volume Six now presents Generation Ten, and it includes over 12,000 descendants. Future volumes will add generations eleven through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. Volume Six, Part One covers the descendants of the Immigrant John Washington⠀s children Lawrence Washington and John Washington, Jr. Volume Six, Part Two covers the descendants of the Immigrant⠀s child Anne (Washington) Wright.

Every 3rd issue is a quarterly cumulation.

Suzi's marriage was on the rocks. She had put on too much weight since the birth of her last child and lost interest in sex. Not surprisingly then, her husband had developed his sex life elsewhere. His long business trips to London had allowed him to find a mistress who shared his sexual tastes and that relationship flourished. When Damion finally told her he thought it was time to move on, Suzi was desperate to keep him and was prepared to do anything to keep the marriage together. That was to be total submission to her husband and a willingness to completely embrace the D/s lifestyle he enjoyed with his mistress. That was only the start and this novella follows Suzi's journey into submission, through the training at her husband's hands to the extreme sexual encounters he arranges with other men, women and groups of people who have only one thing in common; a desire to enjoy his sexy, submissive wife. This story has been told before in a series of short ebooks and two collections - Submissive Women - but this is the first time Suzi's journey from naive and respectable housewife to horny submissive slut has been available in one long story.
