"In depth readings on recovery, our Fellowship, common questions, and personal stories from codependents"--Provided by publisher.

Provides a detailed explanation of the Twelve-Step program designed by Alcoholics Anonymous, accompanied by advice on how to apply the program to codependent issues and cross-addiction

This highly anticipated workbook will help readers put the principles from Melody Beattie's international best seller Codependent No More into action in their own lives. This highly anticipated workbook will help readers put the principles from Melody Beattie's international best seller Codependent No More into action in their own lives. The Codependent No More Workbook was designed for Beattie fans spanning the generations, as well as for those who may not yet even understand the meaning and impact of their codependency. In this accessible and engaging workbook, Beattie uses her trademark down-to-earth style to offer readers a Twelve Step, interactive program to stop obsessing about others by developing the insight, strength, and resilience to start taking care of themselves. Through hands-on guided journaling, exercises, and self-tests, readers will learn to integrate the time-tested concepts outlined in Codependent No More into their daily lives by setting and enforcing healthy limits, developing a support system through healthy relationships with others and a higher power, experiencing genuine love and forgiveness, letting go and detaching from others' harmful behaviors. Whether fixated on a loved one with depression, an addiction, an eating disorder, or other self-destructive behaviors, or someone who makes unhealthy decisions, this book offers the practical means to plot a comprehensive, personalized path to hope, healing, and the freedom to be your own best self.

The healing touchstone of millions, this modern classic by one of America's best-loved and most inspirational authors holds the key to understanding codependency and to unlocking its stultifying hold on your life. Is someone else's problem your problem? If, like so many others, you've lost sight of your own life in the drama of tending to someone else's, you may be codependent--and you may find yourself in this book--Codependent No More. The healing touchstone of millions, this modern classic by one of America's best-loved and most inspirational authors holds the key to understanding codependency and to unlocking its stultifying hold on your life. With instructive life stories, personal reflections, exercises, and self-tests, Codependent No More is a simple, straightforward, readable map of the perplexing world of codependency--charting the path to freedom and a lifetime of healing, hope, and happiness. Melody Beattie is the author of Beyond Codependency, The Language of Letting Go, Stop Being Mean to Yourself, The Codependent No More Workbook and Playing It by Heart.

Free yourself from codependency with evidence-based tools and exercises Reclaim your sense of self--reclaim your life. From the same author as The

Codependency Recovery Plan, The Codependency Workbook is a comprehensive resource filled with research-based strategies and activities for people seeking to break out of their codependent patterns. Learn how to address mood disorders, like depression and anxiety, that often appear within codependent relationships. With this workbook, the path to recovery is clear. Discover practical exercises based on Cognitive Behavioral Therapy (CBT) designed to help you set goals, challenge and replace negative thoughts, identify your triggers, manage conflicts and emotions, and reduce stress. Moments of reflection at the end of each chapter provide helpful summaries and motivation to move forward in your recovery. The Codependency Workbook includes: Codependency explained--You'll get a better understanding of this condition, including a broad look at addiction and the benefits of using CBT to address these issues. Modular exercises--Triage the concerns you wish to prioritize first with exercises you can complete in any order. Inclusive approach--Secular, therapeutic activities include open discussions about all addictions (not just alcoholism). Break down the barriers to codependency recovery with realistic exercises and evidence-based tools so you can live authentically and independently. Your journey starts here.

“Accessible and authoritative . . . While we may not have much power to eradicate our own prejudices, we can counteract them. The first step is to turn a hidden bias into a visible one. . . . What if we're not the magnanimous people we think we are?”—The Washington Post I know my own mind. I am able to assess others in a fair and accurate way. These self-perceptions are challenged by leading psychologists Mahzarin R. Banaji and Anthony G. Greenwald as they explore the hidden biases we all carry from a lifetime of exposure to cultural attitudes about age, gender, race, ethnicity, religion, social class, sexuality, disability status, and nationality. “Blindspot” is the authors’ metaphor for the portion of the mind that houses hidden biases. Writing with simplicity and verve, Banaji and Greenwald question the extent to which our perceptions of social groups—without our awareness or conscious control—shape our likes and dislikes and our judgments about people’s character, abilities, and potential. In Blindspot, the authors reveal hidden biases based on their experience with the Implicit Association Test, a method that has revolutionized the way scientists learn about the human mind and that gives us a glimpse into what lies within the metaphoric blindspot. The title’s “good people” are those of us who strive to align our behavior with our intentions. The aim of Blindspot is to explain the science in plain enough language to help well-intentioned people achieve that alignment. By gaining awareness, we can adapt beliefs and behavior and “outsmart the machine” in our heads so we can be fairer to those around us. Venturing into this book is an invitation to understand our own minds. Brilliant, authoritative, and utterly accessible, Blindspot is a book that will challenge and change readers for years to come. Praise for Blindspot “Conversational . . . easy to read, and best of all, it has the potential, at least, to change the way you think about yourself.”—Leonard Mlodinow, The New York Review of Books “Banaji and Greenwald deserve a major award for writing such a lively and engaging book that conveys an important message: Mental processes that we are not aware of can affect what we think and what we do. Blindspot is one of the most illuminating books ever written on this topic.”—Elizabeth F. Loftus, Ph.D., distinguished professor, University of California, Irvine; past president, Association for Psychological Science; author of Eyewitness Testimony

****THE INSTANT NEW YORK TIMES BESTSELLER**** "The Minimalists show you how to disconnect from our conditioned material state and reconnect to our true essence: love people and use things. This is not a book about how to live with less, but about how to live more deeply and more fully." —Jay Shetty, #1 New York Times bestselling author of Think Like a Monk **AS SEEN ON THE NETFLIX DOCUMENTARIES MINIMALISM & LESS IS NOW** How might your life be better with less? Imagine a life with less: less stuff, less clutter, less stress and debt and discontent—a life with fewer distractions. Now, imagine a life with more: more time, more meaningful relationships, more growth and contribution and contentment—a life of passion, unencumbered by the trappings of the chaotic world around you. What you're imagining is an intentional life. And to get there, you'll have to let go of some clutter that's in the way. In Love People, Use Things, Joshua Fields Millburn and Ryan Nicodemus move past simple decluttering to show how minimalism makes room to reevaluate and heal the seven essential relationships in our lives: stuff, truth, self, money, values, creativity, and people. They use their own experiences—and those of the people they have met along the minimalist journey—to provide a template for how to live a fuller, more meaningful life. Because once you have less, you can make room for the right kind of more.

Through a blend of compelling exercises, illustrations, and stories, the bestselling author of Thinking in Bets will train you to combat your own biases, address your weaknesses, and help you become a better and more confident decision-maker. What do you do when you're faced with a big decision? If you're like most people, you probably make a pro and con list, spend a lot of time obsessing about decisions that didn't work out, get caught in analysis paralysis, endlessly seek other people's opinions to find just that little bit of extra information that might make you sure, and finally go with your gut. What if there was a better way to make quality decisions so you can think clearly, feel more confident, second-guess yourself less, and ultimately be more decisive and be more productive? Making good decisions doesn't have to be a series of endless guesswork. Rather, it's a teachable skill that anyone can sharpen. In How to Decide, bestselling author Annie Duke and former professional poker player lays out a series of tools anyone can use to make better decisions. You'll learn: • To identify and dismantle hidden biases. • To extract the highest quality feedback from those whose advice you seek. • To more accurately identify the influence of luck in the outcome of your decisions. • When to decide fast, when to decide slow, and when to decide in advance. • To make decisions that more effectively help you to realize your goals and live your values. Through interactive exercises and engaging thought experiments, this book helps you analyze key decisions you've made in the past and troubleshoot those you're making in the future. Whether you're picking investments, evaluating a job offer, or trying to figure out your romantic life, How to Decide is the key to happier outcomes and fewer regrets.
