From critically acclaimed author and Japanese scholar Lesley Downer, an enchanting portrait of the mysterious world of the geisha. Ever since Westerners arrived in Japan, they have been intrigued by Japanese womanhood and, above all, by geisha. This fascination has spawned a wealth of extraordinary fictional creations, from Puccini's *Madama Butterfly* to Arthur Golden's *Memoirs of a Geisha*. The reality of the geisha's existence, though, whether today or in history, has rarely been addressed. Contrary to popular opinion, geisha are not prostitutes but, literally, "arts people." Their accomplishments include singing, dancing, playing a musical instruments; but above all, they are masters of the art of conversation, soothing the worries and stroking the egos of the wealthy businessmen who can afford their attentions. Geishas and the Floating World returns readers to a lost world of sensuality and seduction, rich with hedonism, abandon, and sexual and personal politics. "Floating World" refers to Japan's traditional Geisha pleasure districts, but also to the artistic and literary worlds associated with them. At the heart of the "Floating World" and the system it supported was an extensive network of talented courtesans and entertainers, typified by the still fascinating, enigmatic Geisha. Stephen and Ethel Longstreet bring the reader on an in-depth tour of the original and most infamous red-light district in Japan—the Yoshiwara district of old Tokyo that underwent tremendous changes during the more than three centuries of its existence. Beyond the erotic allure the district held, the Yoshiwara also fostered a rich culture and a much studied and revered artistic and literary tradition. This account is adorned with examples of fine woodblock prints and quotations from often bawdy, and always colorful, original sources that offer a
