In order to succeed in school and beyond, students in grades 6-12 need to understand and use both academic language and discipline-specific vocabulary. This book describes effective practices for integrating vocabulary study with instruction in English language arts, history/social studies, and math and science, and for helping students become independent, motivated word learners. The expert authors present a wealth of specific teaching strategies, illustrated with classroom vignettes and student work samples. Connections to the Common Core State Standards (CCSS) are highlighted throughout; an extensive annotated list of print and electronic resources enhances the book's utility.

This resource offers more than 75 innovative, creative, and challenging demonstration games in six traditional team sports (soccer, football, basketball, baseball, hockey, and volleyball), while employing nontraditional approaches.

Your child is smart, but does he or she believe it? "Smart" is a power word. Children who believe they ' re smart excel more in school and approach life with greater confidence. But children who don ' t can struggle to apply themselves. Do you wish your child could see how smart he or she is? Find hope in 8 Great Smarts. You ' ll be empowered and equipped with new language and creative ideas for how to: Accept and affirm your child ' s unique smarts Motivate your child to learn and study with all 8 smarts Reawaken any "paralyzed" smarts Redirect misbehavior in new, constructive ways Guide your child spiritually, relationally, and to a good career fit Dr. Kathy Koch loves seeing children flourish and helping parents make it happen—and it ' s never too late to start. Now is the time to help your child be all that God designed him or her to be. BONUS: Every book includes a FREE access code for the official 8 Great Smarts Quiz located at: www.8greatsmarts.com.

To get ahead today, you have to be a jerk, right? Divisive politicians. Screaming heads on television. Angry campus activists. Twitter trolls. Today in America, there is an “outrage industrial complex” that prospers by setting American against American. Meanwhile, one in six Americans have stopped talking to close friends and family members over politics. Millions are organizing their social lives and curating their news and information to avoid hearing viewpoints differing from their own. Ideological polarization is at higher levels than at any time since the Civil War. America has developed a “culture of contempt” —a habit of seeing people who disagree with us not as merely incorrect or misguided, but as worthless. Maybe you dislike it—more than nine out of ten Americans say they are tired of how divided we have become as a country. But hey, either you play along, or you ' ll be left behind, right? Wrong. In *Love Your Enemies*, New York Times bestselling author and social scientist Arthur C. Brooks shows that treating others with contempt and outraging the other side is not a formula for lasting success. Blending cutting-edge behavioral research, ancient wisdom, and a decade of experience leading one of America ' s top policy think tanks, *Love Your Enemies* offers a new way to lead based not on attacking others, but on bridging national divides and mending personal relationships. Brooks ' prescriptions are unconventional. To bring America together, he argues, we shouldn ' t try to agree more. There

is no need for mushy moderation, because disagreement is the secret to excellence. Civility and tolerance shouldn't be our goals, because they are hopelessly low standards. And our feelings toward our foes are irrelevant; what matters is how we choose to act. *Love Your Enemies* is not just a guide to being a better person. It offers a clear strategy for victory for a new generation of leaders. It is a rallying cry for people hoping for a new era of American progress. And most of all, it is a roadmap to arrive at the happiness that comes when we choose to love one another, despite our differences.

Would you like to have more intimacy and tenderness in your marriage? Generosity has a way of turning distance and disinterest into warmth and intimacy. Being generous is a skill that can be learned! This book is a how-to manual on generosity, containing a year's worth of ideas for building your marriage through prayer, romance, encouragement, practical service, communication, quality time, gifts, and bedroom play. Additional sections: Massage Holiday Ideas Gift Giving Date Ideas ... and more. Lori Byerly began e-mailing generous tips in 2001. Her daily tips and website material encourage generous wives around the world.

Effective Communication in Criminal Justice is the perfect companion for any criminal justice course that discusses communication and writing. Authors Robert E. Grubb and K. Virginia Hemby teach you how to be both an effective writer and communicator—essential skills for anyone interested in criminal justice. Going beyond report writing, this book helps you become more confident presenter and digital communicator while encouraging you to adapt your communication style to meet the needs of diverse populations. You will not only improve your communication and writing skills, but also gain specific strategies for succeeding in careers related to policing, courts, corrections, and private security. Key Features Specific coverage of effective communication strategies that relate to each area of criminal justice, offers you a robust overview of all aspects of communication in the criminal justice field. Unique coverage of nonverbal communication, digital communication, conflict resolution, and communication with special populations helps you learn to adapt your communication style to specific situations. Helpful checklists remind you to keep practicing good communication techniques. Real-world examples of effective communication in criminal justice show you how the concepts are relevant to your future career. End-of-chapter discussion questions and ethical issue exercises provide you with the opportunity to practice and apply the concepts covered in each chapter.
