Industrial Report Guidelines Engineering

One of the main forms of communication in engineering is the technical report. In the workplace, the report is a practical working document written by engineers for clients, managers, and other engineers. This means every report has a purpose beyond the simple presentation of information. Some common purposes are:

Writing an Engineering technical report—Research—

Student Industrial Work Experience Scheme (SIWES) is an essential criterion in a student ' s training program in tertiary institutions. This experience usually involves three to six or twelve months as the case may be of intensive training in an industry of the student ' s choice. It was established in 1973 by the Industrial Training Fund (ITF)
