Precious Ramotswe is beset by problems, from a strange intruder in her house on Zebra Drive to the baffling appearance of a pumpkin, in the sixth novel of The No.1 Ladies' Detective Agency series that has captivated readers around the world. Both entertaining and moving, In the Company of Cheerful Ladies is another masterpiece of comic understatement from Alexander McCall Smith – a gentle and enigmatic mystery, and a love letter to Botswana and its people.

The Grammar and Language Workbook offers sequential language instruction along with extensive drill and practice in grammar, usage, and mechanics. This important tool includes a handbook as well as vocabulary, spelling, and composition lessons.

Provides a pretest covering nouns, pronouns, verbs, tenses, adjectives, adverbs, prepositions, conjunctions, phrases, clauses, and punctuation, followed by thirty short lessons and a posttest to assess progress.

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lockdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

Ever stumble when choosing between who and whom, affect and effect, lay and lie? Are you worried that how you speak or write is holding you back at work? Do you fear you're making frequent conversational errors, but just aren't sure what's correct? How you use language tells people a good deal about who you are, how you think, and how you communicate. Making simple errors in written and spoken English can make you seem less sophisticatedeven less intelligentthan you really are. And that can affect (not effect) your relationships, your friendships, and even your career. This comprehensive, easy-to-use reference is a program designed to help you identify and correct the most common errors in written and spoken English. After a short and simple review of some basic principles, When Bad Grammar Happens to Good People is organized in the most useful way possibleby error type, such as Problem Pronouns or Mixing up Words That Sound the Same. You choose how to work your way through, either sequentially or in the order most relevant to you. Each chapter contains tests to help reinforce what you've learned. Best of all, the information is presented in a clear, lively, and conversational stylethis is not your 8th grade grammar textbook!

The model is makes quantitative and cross-linguistic predictions about child language. It may also be deployed as a predictive model of language change which, when the evidence is available, could explain why grammars change in a particular direction at a particular time.

A study guide to English grammar that contains explanations, simple examples, and ample exercises to practice and learn with an answer key at the back of the book.
