McConnell, Brue, and Flynn's Economics: Principles, Problems, and Policies is the #1 Principles of Economics textbook in the world. It continues to be innovative while teaching students in a clear, unbiased way. The 19th Edition builds upon the tradition of leadership by sticking to 3 main goals: Help the beginning student master the principles essential for understanding the economizing problem, specific economic issues, and the policy alternatives; help the student understand and apply the economic perspective and reason accurately and objectively about economic matters; and promote a lasting student interest in economics and the economy. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

McConnell-Brue's Economics 15 is the best-selling textbook and has been teaching students in a clear, unbiased way for 40 years. The 14th edition grew market share because of its clear and careful treatment of principles of economics concepts, its balanced coverage, and its patient explanations. More students have learned their principles of Economics from McConnell-Brue than any other text 12 million of them. The 15th edition is a substantial revision that delivers a tighter, modern, Internet-savvy book.ook.ok.

The major goals of this revision have been to streamline the text and to present more student oriented examples. We are also providing a new design with enhanced four colour graphics. Much fine tuning and trimming has gone into almost every chapter resulting in a more approachable textbook for your students. Several chapters that are rarely used will now appear on the book's website. The 9th edition will be much better integrated with the book's website where students can get additional information and/or current events associated with many major topics in the text. Also, the website will have "Want to see the Math Notes" for those instructors that choose a more sophisticated math treatment of the major topics in both Micro and Macro. Another commitment to Instructor Support will be the annual updating of time sensitive PowerPoint slides.

McConnell, Brue, and Flynn's Economics: Principles, Problems, and Policies is the #1 Principles of Economics textbook in the world.
