Learn how to fast track your organization's strategy to govern processes, create a process culture, and measure business performance. Best of all, this crystal-clear, convenient sized book can be put to work in your organization immediately!

User-friendly yet sophisticated, Psychological Assessment With the MMPI-2 will be welcomed by practicing psychologists, researchers, and students alike. This long-awaited second edition constitutes the single most comprehensive and up-to-date textbook of MMPI-2 interpretation. Completely rewritten to address the changes to the original instrument that resulted in the MMPI-2 in 1989, it describes in detail all the MMPI-2 scales--clinical, supplementary, and content--and offers empirically-grounded and clinically-tested recommendations for their use. The last decade has seen an explosion of research, as well as a steady accumulation of experiential wisdom; bridging the gap between behavioral science and practice, the authors review all the major findings and their implications and draw on rich clinical material to illuminate the issues. This second edition: * helps users with forensic interests including attorneys needing a reference for expert review; * gives step-by-step advice on interpreting profiles; * includes treatment recommendations in the explanation of every code pattern; * provides extensive guidance on report-writing for new users; * compares the most current MMPI-2 computer reports; * features numerous tables, figures, and appendices for all the MMPI-2 scales including the newer validity measures; and * incorporates 570 references (235 completely new).

This outstanding set of PowerPoint "RM" overheads summarizes The User's Manual for the Brain Volume I NLP Practitioner Certification with over 200 pages of slides, making this an essential resource for NLP trainers using this volume as the basis for their training. For display on a computer-linked projector, printed out as handouts, or masters for conventional overhead projectors.

Hall and Bodenhamer follow the success of Volume I with a book that introduces the new advances in the field of Neuro-Linguistic Programming (NLP) and put together comprehensive information for attaining the Master's level.

This revised edition provides patient guidance in its clear and organized presentation of problems. It is rich in variety, large in number and provides very careful treatment of relativity. One outstanding feature is the inclusion of simple, standard examples demonstrated in different methods that will allow students to enhance and understand their calculating abilities. There are over 145 worked examples; virtually all of the standard problems are included.

"If there was ever any doubt of a graphic novel's ability to achieve a high level of storytelling, this book blows it away."—Newsday "Astonishing in its scope, breadth and execution."—The Independent Twenty years in the making, this sweeping masterpiece charts Berlin through the rise of Nazism During the past two decades, Jason Lutes has quietly created one of the masterworks of the graphic novel golden age. Berlin is one of the high-water marks of the medium: rich in its well-researched historical detail, compassionate in its character studies, and as timely as ever in its depiction of a society slowly awakening to the stranglehold of fascism. Berlin is an intricate look at the fall of the Weimar Republic through the eyes of its citizens—Marthe Müller, a young woman escaping the memory of a brother killed in World War I, Kurt Severing, an idealistic journalist losing faith in the printed word as fascism and extremism take hold; the Brauns, a family torn apart by poverty and politics. Lutes weaves these characters' lives into the larger fabric of a city slowly ripping apart. The city itself is the central protagonist in this historical fiction. Lavish salons, crumbling sidewalks, dusty attics, and train stations: all these places come alive in Lutes' masterful hand. Weimar Berlin was the world's metropolis, where intellectualism, creativity, and sensuous liberal values thrived, and Lutes maps its tragic, inevitable decline. Devastatingly relevant and beautifully told, Berlin is one of the great epics of the comics medium.

See Israel through the eyes of a faithful son who has made the land of his Father his life's work. A love letter from a sincere writer to his homeland. An intensely personal and heartfelt look at God's country, one of the most misunderstood lands in all history.
