BE AS HAPPY OR AS PERFECT AS WE ASSUME

Journalist Michael Booth has lived among the Scandinavians for more than ten years, and he has grown increasingly frustrated with the rose-tinted view of this part of the world offered up by the Western media. In this timely book he leaves his adopted home of Denmark and embarks on a journey through all five of the Nordic countries to discover who these curious tribes are, the secrets of their success, and, most intriguing of all, what they think of one another. Why are the Danes so happy, despite having the highest taxes? Do the Finns really have the best education system? Are the Icelanders as feral as they sometimes appear? How are the Norwegians spending their fantastic oil wealth? And why do all of them hate the Swedes? In *The Almost Nearly*

expansion. Migration played a crucial role in this interaction. Issuing from two population centers, the sedentary one in the West and the nomadic one in the East, two powerful population streams confronted each other in the Eurasian Steppe. This confrontation was a crucial factor in determining patterns of Eurasian history - it destroyed existing states, created new ones, and drastically changed the balance of power. Even today, while Russian populations in Asia contract, the population pressures in China and Central Asia continue to build and are likely to spill over across the border. This book shows how we are witnessing the beginning of a new cycle of the age-old contest.

This book is the long-awaited translation of a German bestseller considered by many to be the best book ever on the Scandinavian. It does not concentrate on theoretical lines but on the structural ideas that govern this opening. Basic strategic themes, how pawn structures dictate plans of attacks, which tactical motifs you can expect in certain typical positions, that is what this book is about. You will learn how to outplay your opponent with solid and relatively easy-to-learn moves.
