Expression Bruce Barbauld May 25, 2018. May 26, 2018. Irakly Shanidze. From the moment Photography was invented in 1839 to the middle of the last century, had raged a heated debate on whether it is a form of art, or simply a way of using an optical-mechanical contraption to document reality. Now we know that photography is indeed an art form, moreover, its unique features make it distinctly different from its closest relative: painting.

in line with the vision of the photographer as artist, using photography as a medium for creative expression. The goal of fine-art photography is to express an idea, a message, or an emotion. This stands in contrast to representational photography, such as photojournalism, which provides a documentary visual account of specific subjects and events, literally representing objective reality rather than the subjective intent of the photographer; and comme

*Essay About Photography As An Art - Star-
Writers*

Photography Is Art To say photography is not art is to ignore history, to ignore a large part of Warhol's work, or feign ignorance to Ed Ruscha's photography books. Paintings allow the artists a vast amount of freedom of expression, one can analyze the brush strokes in a Van Gogh, or admire the delicacy of Richter's Betty.
