What Happened: Inside the Bush White House and Washington's Culture of Deception is an autobiographical bestseller by Scott McClellan, who served as White House Press Secretary from 2003 until 2006 under President George W. Bush. The book was scheduled to be released on June 2, 2008; however, excerpts were released to the press a week before publication. The book quickly became a media sensation for its candid, insider's critique of the Bush administration and ran as a leading story on most top

**What Happened (McClellan book) - Wikipedia**

He originally believed Bush's campaign promise that he would change the culture in Washington D.C., but he was completely disappointed. His book What Happened, Inside the Bush White House and Washington’s Culture of Deception was a criticism of what he felt went wrong with the Bush presidency. He wrote that Bush was not truthful with the public, was incapable of changing his mind after he made a decision and approached everything like it was a political campaign where winning the debate ...

With unprecedented candour, one of George W Bush's closest aides takes readers behind the scenes of the Bush presidency, and what exactly happened to take it off course. Scott McClellan was one of a few Bush loyalists from Texas who became part of his inner circle of trusted advisers, and remained so during one of the most challenging and contentious periods of recent history. Drawn to Bush by his commitment to compassionate conservatism and strong bipartisan leadership, McClellan served the president for more than seven years, and witnessed day-to-day exactly how the presidency veered off course. In this refreshingly clear-eyed book, written with no agenda other than to record his experiences and insights for the benefit of history, McClellan provides unique perspective on what happened and why it happened the way it did, including the Iraq War, Hurricane Katrina, Washington's bitter partisanship and two hotly-contested presidential campaigns. He gives readers a candid look into what George W Bush is and what he believes and into the personalities, strengths, and liabilities of his top aides. Finally, McClellan looks to the future, exploring the lessons this presidency offers the American people as they prepare to elect a new leader.

The must-read summary of Scott McClellan's book: “What Happened: Inside the Bush White House and Washington’s Culture of Deception”. This complete summary of "What Happened" by Scott McClellan, a former trusted adviser to the Bush White House, outlines the author's unique perspective on the controversial elements of Bush's presidency, such as Hurricane Katrina and the Iraq War, and what motivated his decisions. He also takes a look at who George W. Bush is and what he believes in. Added-value of this summary:
• Save time
• Understand Bush's presidency and the motivations behind his more controversial decisions
• Expand your knowledge of American politics and policy To learn more, read "What Happened" and discover the untold truths from a trusted adviser within the Bush White House.

Scott McClellan was one of a few Bush loyalists from Texas who became part of his inner circle of trusted advisers, and remained so during one of the most challenging and contentious periods of recent history. Drawn to Bush by his commitment to compassionate conservatism and strong bipartisan leadership, McClellan served the president for more than seven years, and witnessed day-to-day exactly how the presidency veered off course. Finally, McClellan looks to the future, exploring the lessons this presidency offers the American people as we prepare to elect a new leader.

Bush in January 2001 - and an eerie prediction of the invasion of Iraq - and picks up on September 12, with an account of downtown Manhattan, where Weinberger lives, on the "day after.""--Jacket.

Although it lasted only a single term, the presidency of George H. W. Bush was an unusually eventful one, encompassing the fall of the Berlin Wall and the reunification of Germany, the dissolution of the Soviet Union, the invasion of Panama, the Persian Gulf War, and contentious confirmation hearings over Clarence Thomas and John Tower. Bush has said that to understand the history of his presidency, while “the documentary record is vital,” interviews with members of his administration “add the human side that those papers can never capture.” This book draws on interviews with senior White House and Cabinet officials conducted under the auspices of the Bush Oral History Project (a cooperative effort of the University of Virginia’s Miller Center and the George Bush Presidential Library Foundation) to provide a multidimensional portrait of the first President Bush and his administration. Typically, interviews explored officials’ memories of their service with President Bush and their careers prior to joining the administration. Interviewees also offered political and leadership lessons they had gleaned as eyewitnesses to and shapers of history. The contributors to 41—all seasoned observers of American politics, foreign policy, and government institutions—examine how George H. W. Bush organized and staffed his administration, operated on the international stage, followed his own brand of Republican conservatism, handled legislative affairs, and made judicial appointments. A scrupulously objective analysis of oral history, primary documents, and previous studies, 41 deepens the historical record of the forty-first president and offers fresh insights into the rise of the “new world order” and its challenges. Contributors: Henry J. Abraham, University of Virginia; Jeffrey A. Engel, Southern Methodist University; Hugh Heclro, George Mason University; Sidney M. Milkis, University of Virginia; Michael Nelson, Rhodes College and University of Virginia; Barbara A. Perry, University of Virginia; Russell L. Riley, University of Virginia; Barbara Sinclair, University of California, Los Angeles; Bartholomew Sparrow, University of Texas at Austin; Robert A. Strong, Washington and Lee University; Philip Zelikow, University of Virginia.

**#1 NEW YORK TIMES BESTSELLER** • In this powerful new collection of oil paintings and stories, President George W. Bush spotlights the inspiring journeys of America’s immigrants and the contributions they make to the life and prosperity of our nation. The issue of immigration stirs intense emotions today, as it has throughout much of American history. But what gets lost in the debates about policy are the stories of immigrants themselves, the people who are drawn to America by its promise of economic opportunity and political and religious freedom—and who strengthen our nation in countless ways. In the tradition of Portraits of Courage, President Bush’s #1 New York Times bestseller, Out of Many, One brings together forty-three full-color portraits of men and women who have immigrated to the United States, alongside stirring stories of the unique ways all of them are pursuing the American Dream. Featuring men and women from thirty-five countries and nearly every region of the world, Out of Many, One shows how hard work, strong values, dreams, and determination know no borders or boundaries and how immigrants embody values that are often viewed as distinctly American: optimism and gratitude, a willingness to strive and to risk, a deep sense of patriotism, and a spirit of self-reliance that runs deep in our immigrant heritage. In these pages, we meet a North Korean refugee fighting for human rights, a Dallas-based CEO who crossed the Rio Grande from Mexico at age seventeen, and a NASA engineer who as a girl in Nigeria dreamed of coming to America, along with notable figures from business, the military, sports, and entertainment. President Bush captures their faces and stories in striking detail, bringing depth to our understanding of who immigrants are, the challenges they face on their paths to citizenship, and the lessons they can teach us about our country’s character. As the stories unfold in this vibrant book, readers will gain a better appreciation for the humanity behind one of our most pressing policy issues and the countless ways in which America, through its tradition of welcoming newcomers, has been strengthened by those who have come here in search of a better life.

With more than 200 photographs, videos, letters, and speeches, this Deluxe eBook edition of Decision Points brings to life the critical decisions of George W. Bush's presidency. George W. Bush served as president of the United States during eight of the most consequential years in American history. The decisions that reached his desk impacted people around the world and defined the times in which we live. Decision Points takes readers inside the Texas governor’s mansion on the night of the 2000 election, aboard Air Force One during the harrowing hours after the attacks of September 11, 2001, into the Situation Room moments before the start of the war in Iraq, and behind the scenes at the White House for many other historic presidential decisions on the financial crisis, Hurricane Katrina, Afghanistan, and Iran. In addition, it offers intimate new details on his quitting drinking, his discovery of faith, and his relationship with his family. The Deluxe eBook edition also includes:
• Videos from the defining moments of the presidency, including Bush’s inspiring Ground Zero speech to the 9/11 rescue workers, intimate family home movies, and a special introduction to the edition from the president himself
• Full texts of his most important speeches, including his addresses to the nation about 9/11, Afghanistan and Iraq, and his second Inaugural
• Handwritten letters from the president’s personal correspondence
• And more than 50 new photos not contained in the print version of Decision Points A groundbreaking first in bringing multimedia to presidential memoir, the Deluxe eBook edition of Decision Points will captivate supporters, surprise critics, and change perspectives on eight remarkable years in American history—and on the man at the center of events.

A senior White House correspondent presents a history of the Bush and Cheney White House years that shares anecdotes by more than two hundred insiders to explore the inner conflicts that shaped the handling of significant events.

In a captivating and compelling voice that ranks with many of our greatest memoirists, Laura Bush tells the story of her unique path from dusty Midland, Texas to the world stage and the White House. An only child, Laura Welch grew up in a family that lost three babies to miscarriage or infant death. She masterfully recreates the rugged, oil boom-and-bust culture of Midland, her close relationship with her father, and the bonds of early friendships that she retains to this day. For the first time, in heart-wrenching detail, she writes about her tragic car accident that left her friend Mike Douglas dead. Laura Welch attended Southern Methodist University in an era on the cusp of monumental change. After graduating, she became an elementary school teacher, working in inner city schools, then trained as a librarian. At age thirty, she met George W. Bush, whom she had last passed in the hallway in seventh grade. Three months later, ‘the old maid of Midland married Midland's most eligible bachelor’. As First Lady of Texas, Laura Bush championed education and launched the Texas Book Festival, passions she brought to the White House. Here, she captures presidential life in the frantic and fearful months after 9-11, when fighter jet cover echoed through the walls. She writes openly about the threats, the withering media spotlight, and the transformation of her role. One of the first U.S. officials to visit war-torn Afghanistan, she reached out to disease-stricken African nations and tirelessly advocated for women in the Middle East and dissidents in Burma. With deft humor and a sharp eye, Laura Bush lifts the curtain on what really happens inside the White House. And she writes with honesty and eloquence about her family, political life, and her eight remarkable Washington years. Laura Bush's compassion, her sense of humour, her grace, and her uncommon willingness to bare her heart make this story deeply revelatory, beautifully rendered, and unlike any other First Lady's memoir ever written.

This is the real story of how George W. Bush came to double-down on Iraq in the highest stakes gamble of his entire presidency. Drawing on extensive interviews with nearly thirty senior officials, including President Bush himself, The Last Card offers an unprecedented look into the process by which Bush overruled much of the military leadership and many of his trusted advisors, and authorized the deployment of roughly 30,000 additional troops to the warzone in a bid to save Iraq from collapse in 2007. The adoption of a new counterinsurgency strategy and surge of new troops into Iraq altered the American posture in the Middle East for a decade to come. In The Last Card we have access to the deliberations among the decision-makers on Bush's national security team as they embarked on that course. In their own words, President George W. Bush, Vice President Dick Cheney, National Security Advisor Stephen Hadley, Secretary of State Condoleezza Rice, White House Chief of Staff Joshua Bolten, Secretary of Defense Robert Gates, and others, recount the debates and disputes that informed the process as President Bush weighed the historical lessons of Vietnam against the perceived strategic imperatives in the Middle East. For a president who had earlier vowed never to dictate military strategy to generals, the deliberations in the Oval Office and Situation Room in 2006 constituted a trying and fateful moment. Even a president at war is bound by rules of consensus and limited by the risk of constitutional crisis. What is to be achieved in the warzone must also be possible in Washington, D.C. Bush risked losing public esteem and courted political ruin by refusing to disengage from the costly war in Iraq. The Last Card is a portrait of leadership—firm and daring if flawed—in the Bush White House. The personal perspectives from men and women who served at the White House, Foggy Bottom, the Pentagon, and in Baghdad, are complemented by critical assessments written by leading scholars in the field of international security. Taken together, the candid interviews and probing essays are a first draft of the history of the surge and new chapter in the history of the American presidency.
